Lesson Learn from SE4All Workshop

- **Three Messages on building codes**
 - Importance of actual energy use
 - High level of ambition
 - Engagement of different levels of governance
- **New Building Energy Method in Japan**
 - Evaluation Method including web-based tool
 - Relationship between EE standard under building EE Law and building code
- **Energy Conservation Guideline and Benchmark system in Japan**
- **Energy Conservation tuning items**
- **Lesson learn from advanced countries** (implementation, barriers, and so on)

Requests to SE4All, NILIM, Tokyo MG, and ECCJ (METI)

- C2E2
 - Advisor role
- NILIM
 - To share details on Energy Efficiency Standards under Building Energy Efficiency Law
- Tokyo MG
 - To share details on City-led Building Energy Efficiency Tokyo to Yangon City Development Committee
- ECCJ
 - To conduct Training for Trainer on Energy Manager, awareness raising, capacity building including on-the-job training
 - To assist for preparing EE Building Standard/Guideline

Your kind suggestions, comments and cooperation
are welcome.

Thank you!
