

**ENERGY CONSERVATION WORKSHOP
UNDER ASEAN-JAPAN ENERGY EFFICIENCY PARTNERSHIP (ECAP-20)
2 – 6 December, 2019: Tokyo, Japan**

Workshop Outcomes
(Takeaways & Way Forward)

Ministry of Energy (ME)
BRUNEI DARUSSALAM

Mr. Abdul Salam Haji Abdul Wahab
Sustainable Energy Division
Ministry of Energy

ECAP 20 - OUTCOMES

(Takeaways)

01

Clear definition of Zero Energy Building (ZEB) and Zero Energy Houses (ZEH) and their family clusters.

02

Able to learn all efforts and initiatives by Net-ZEB (Sanken), ZEB-Ready (Kajima) & ZEB-Oriented (Shinryo) buildings in Japan during the site visits.

03

Knowledge and information sharing during class lectures and group discussion.

04

Able to create networks with colleagues from other AMSs and ECCJ.

05

Able to learn, share and understand any case study on ZEB best practices.

ECAP 20 - OUTCOMES

(Plan of Action)

To disseminate all information to the Ministry of Development of Brunei Darussalam;

To socialize the ZEB criteria to all building owners;

To identify any potential ZEB-oriented in Brunei Darussalam for the submission in the ASEAN Energy Award for 2020;

To assist all building owners for the preparation of the submission under ZEB category for next year.

Thank you
for your kind attention

Ministry of Energy
BRUNEI DARUSSALAM
